

October 2026

The Mayor's Local Transport Plan for York and North Yorkshire

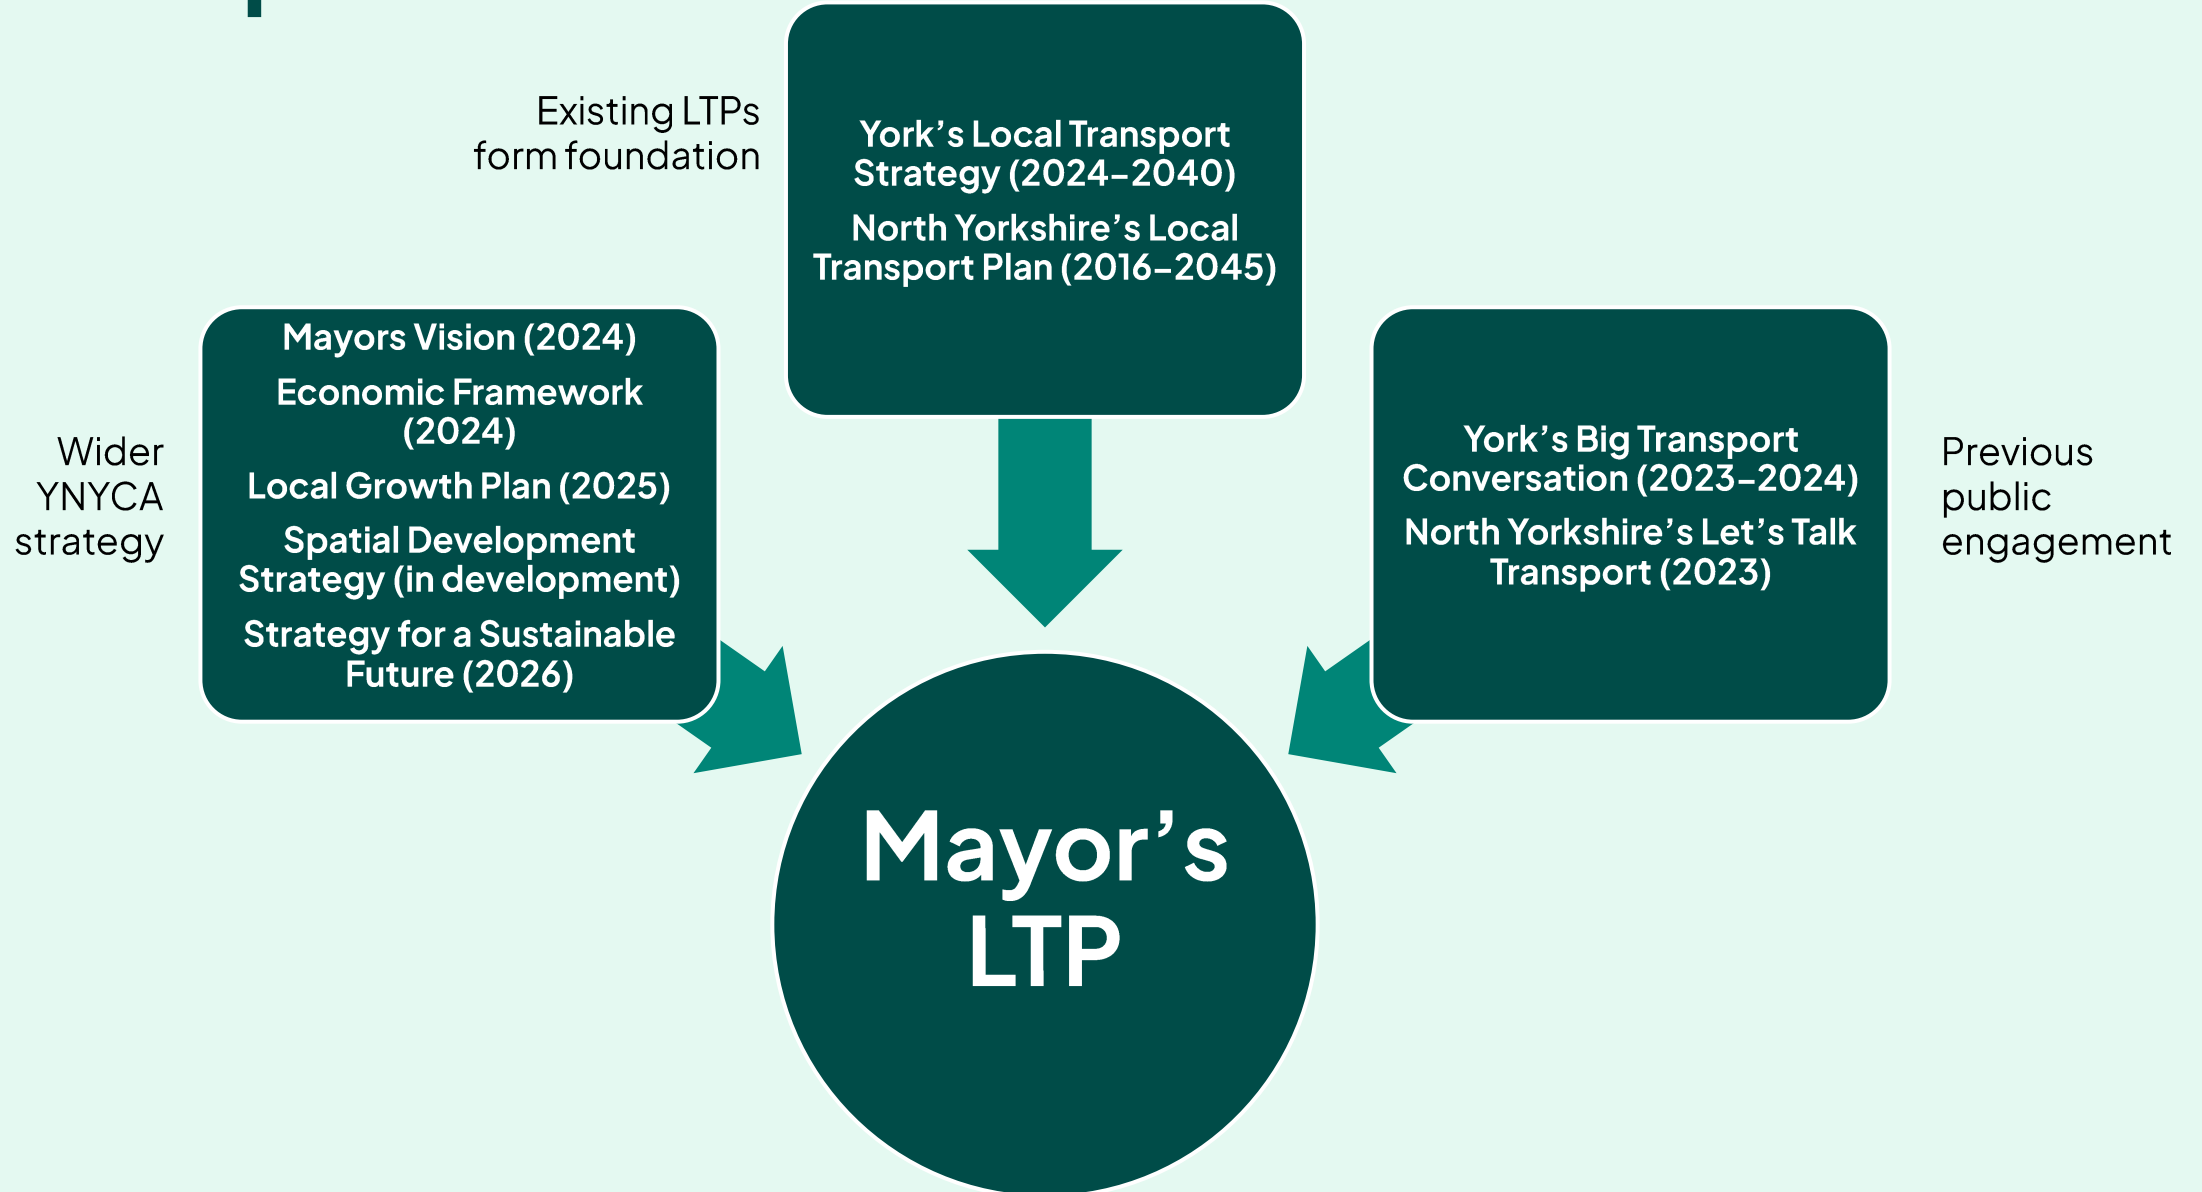

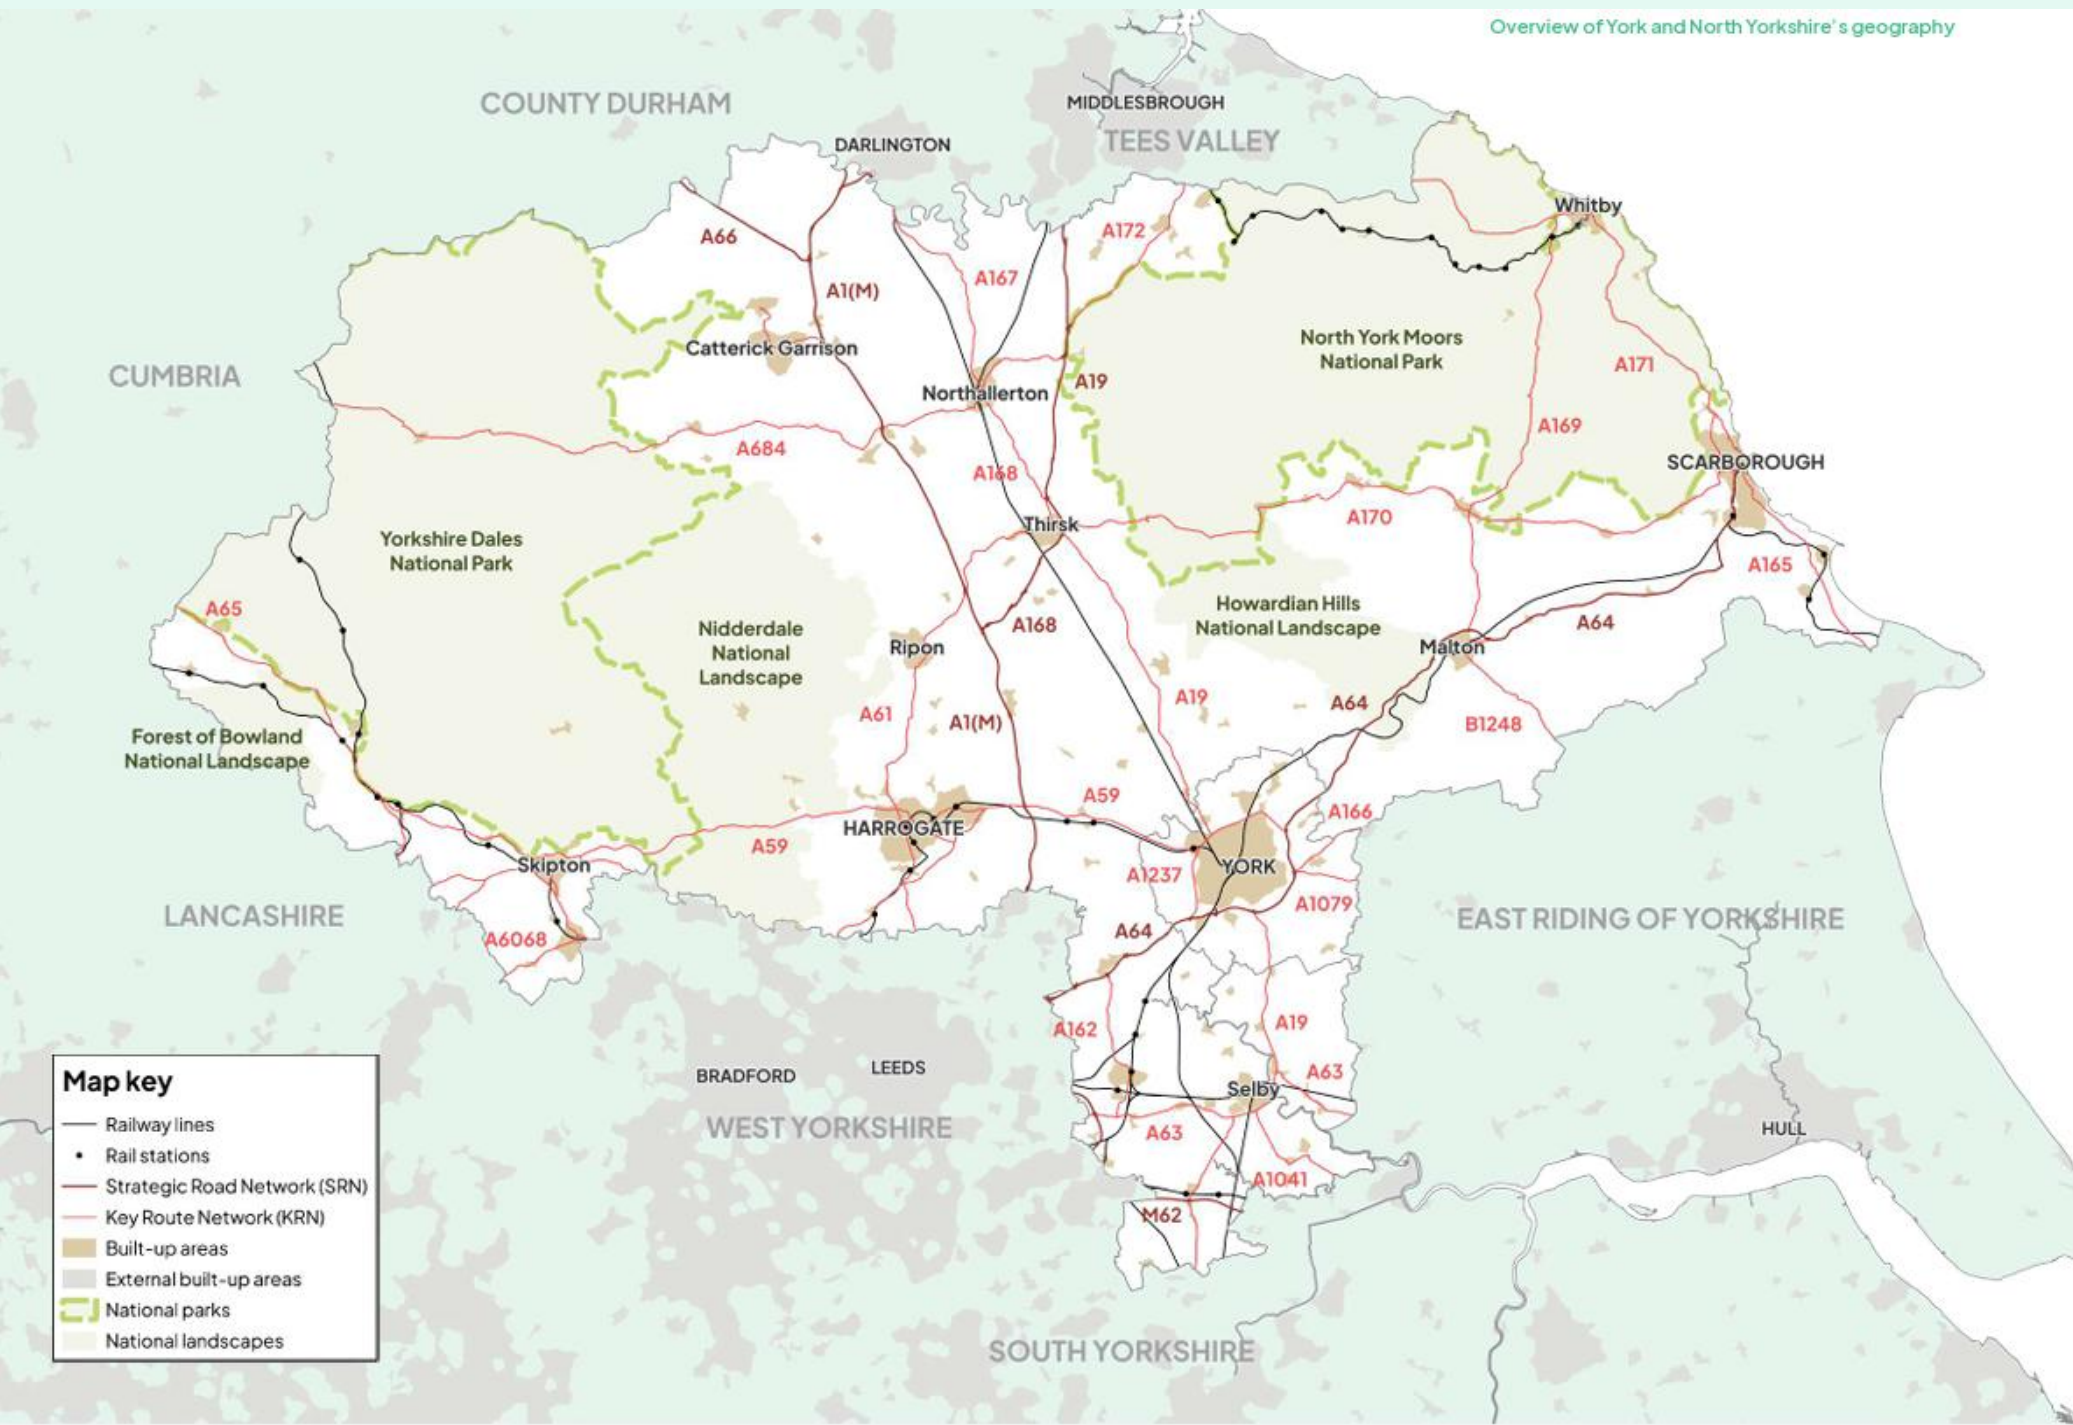

David Skaith

Mayor of York and
North Yorkshire

Wider policies

Map key

- Railway lines
- Rail stations
- Strategic Road Network (SRN)
- Key Route Network (KRN)
- Built-up areas
- External built-up areas
- National parks
- National landscapes

Consultation so far

- 12-week consultation launched on 26th August 2026, ends 18th November
- Drop-in sessions held across the region
- All documents and two surveys are live; one general survey and one for visitors are on the website
- 2,000+ responses so far to the main survey, 100+ to the visitor survey.
- Presenting at groups and forums including to stakeholders and local interest groups.

How to support the consultation

1. Complete the survey
2. Encourage others to complete the survey
3. **Ask us for the consultation pack** – posters, leaflets, social media posts, easy read versions, etc. (ask us today or email tilly.stoker@rocketsciencelab.co.uk)

Our priorities for change

YNYCA is now the local transport authority and so is required to prepare an LTP setting out the Mayor's vision for the region.

Five key priorities drive the regional aspirations for transport:

1. Sustainable growth
2. Connecting all parts of our diverse region
3. Resilient and future-proofed
4. Cleaner and greener transport
5. Nationwide connectivity

Our network principles

Our connected places

Liveable
neighbourhoods

Towns
and cities

Rural areas

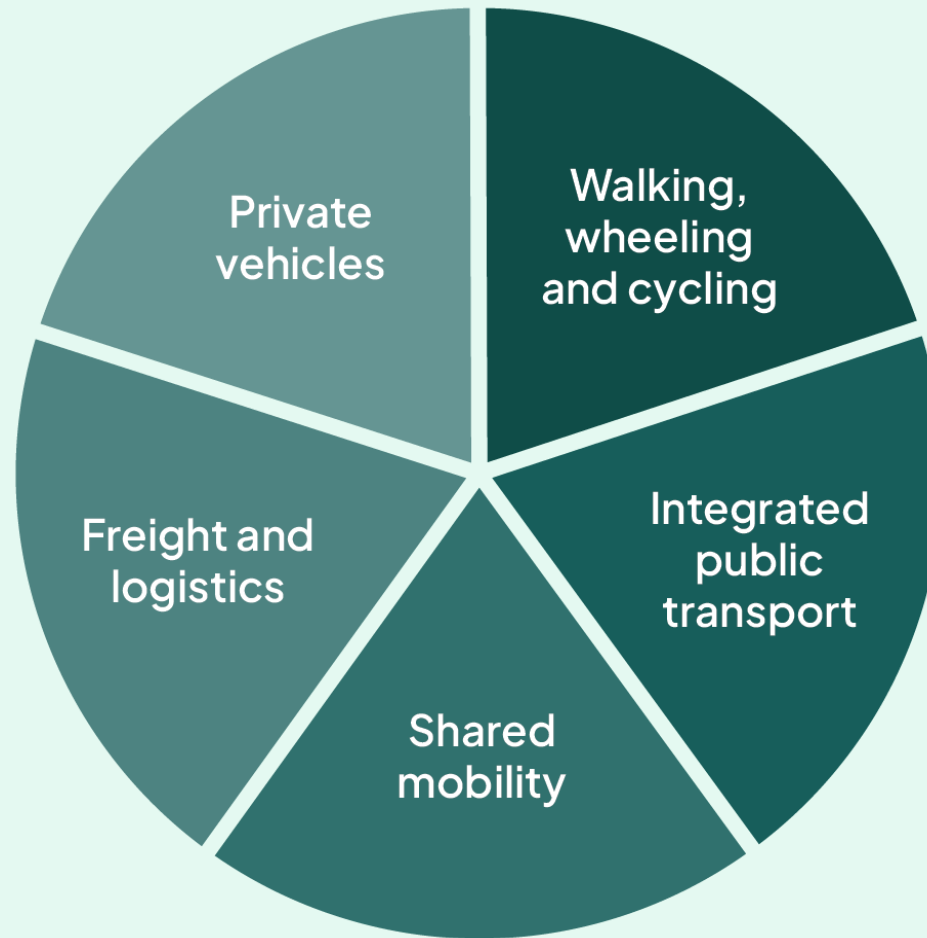

Coastal areas

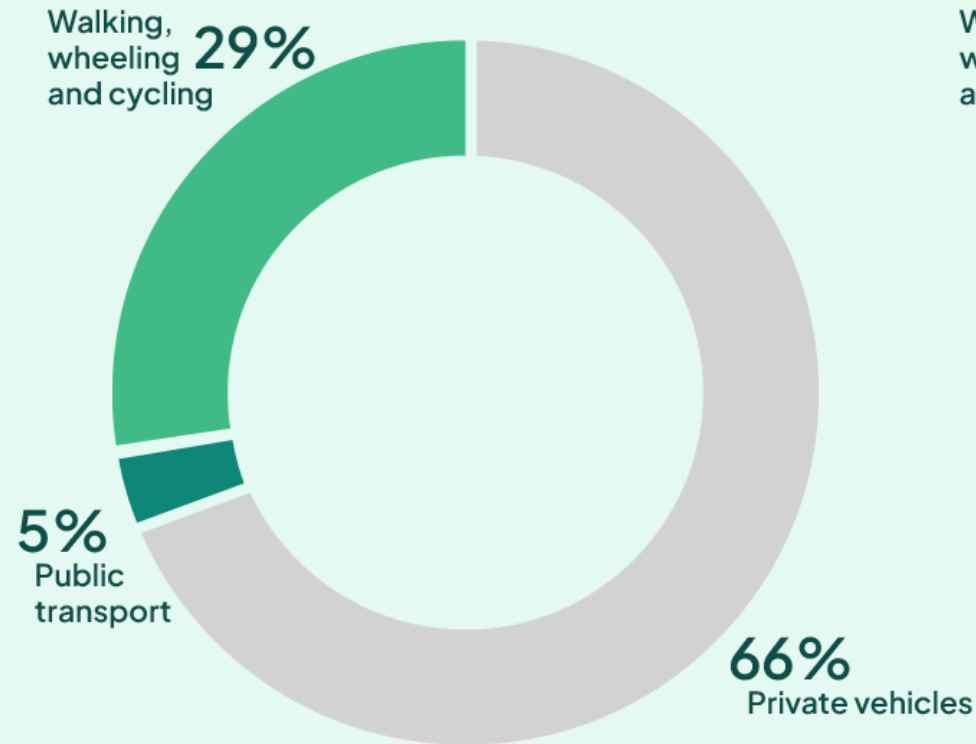

Destinations outside
the region

Our integrated modes

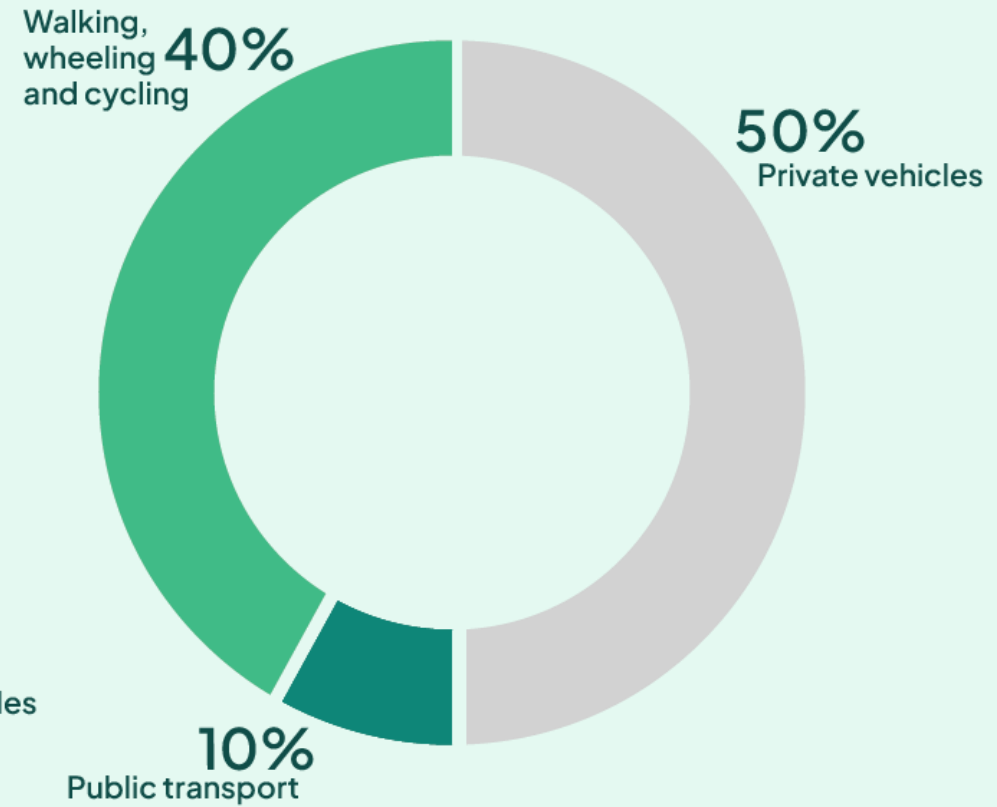

How we move: 2026 vs 2050

Current modal share

2050 target

Thank you
